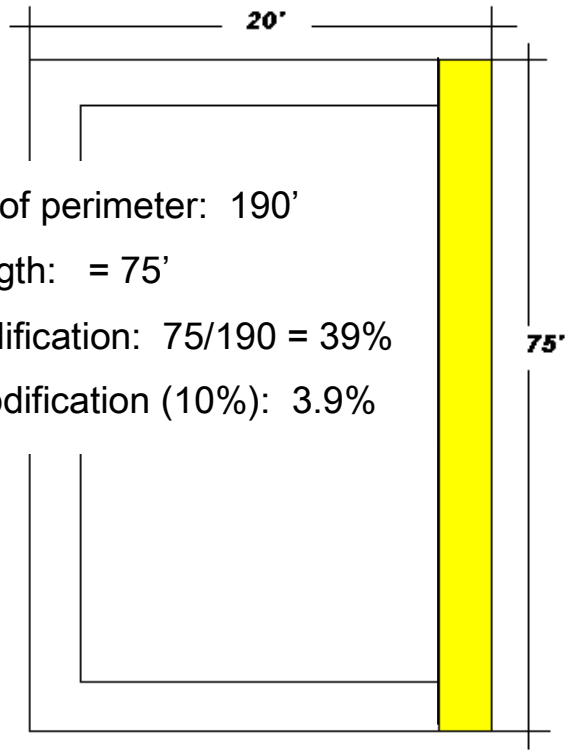
How to Evaluate Modification of Perimeter and Slab Foundations

Perimeter Foundation



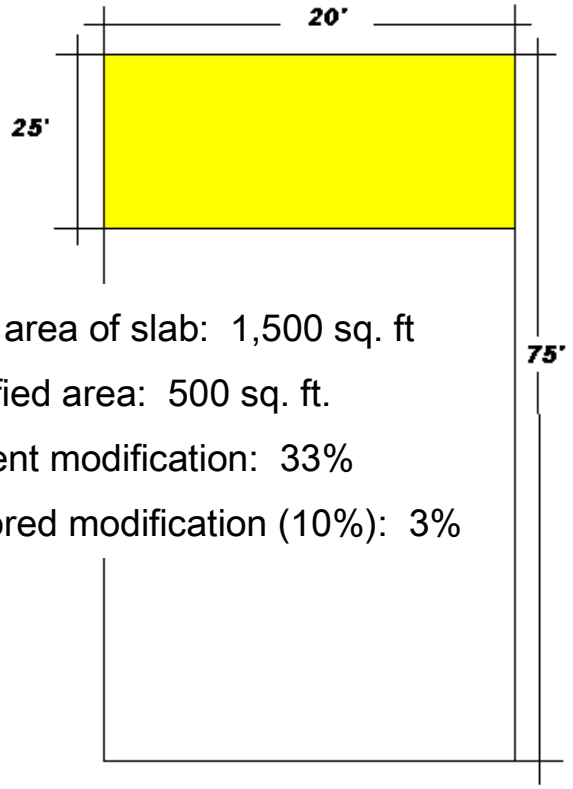
Total length of perimeter: 190’

Modified length: = 75’

Percent modification: 75/190 = 39%

Factored modification (10%): 3.9%

Slab Foundation



Total area of slab: 1,500 sq. ft

Modified area: 500 sq. ft.

Percent modification: 33%

Factored modification (10%): 3%

Unmodified
